Front Porch Project Home Improvement Program 2018 Grant Guidelines

Purpose of the grant funds:

Jeffersonville Main Street Inc. recognizes that the downtown commercial area is strengthened by having healthy and vibrant neighborhoods nearby. Restoring and rehabilitating the neighborhoods of downtown Jeffersonville is an important part of making our community more livable. The Front Porch Project is a matching grant program that will assist property owners in restoring and rehabilitating homes within the Jeffersonville Urban Enterprise Zone and the Old Jeffersonville Historic District. Grants are limited to exterior preservation, restoration, or rehabilitation of homes. Examples of work that would qualify include painting a house, repairing wooden windows, rebuilding a porch, repairing wood clapboard siding, and repairing or replacing doors. The Jeffersonville Main Street Design Committee will review applications and make selections for funding. Each application will be evaluated on its own merits and how it fits into the goals of the Front Porch Project.

DEADLINE: APPLICATIONS MUST BE POSTMARKED BY April 16, 2018

General criteria

1. Grant funding is available for:

Owner-occupied residences: \$3,000 maximum, with a \$3,000 match (1/1)
Rental residences: \$3,000 maximum, with a \$6,000 match (1/2)

See 'Buy Local First Incentive' section below to find out how you might increase your grant funding.

Important notes: Priority will be given to owner-occupied residences. Priority will also be given to applicants who have not received prior funding through the program. **Due to limited availability of grant funds, not all requests may be fully funded.**

2. Grants are limited to exterior preservation, restoration, or rehabilitation of homes located within the Old Jeffersonville National Register Historic District and/or **the outer boundary** of the Urban Enterprise Zone. The primary target area is the National Register district, and 'contributing' homes within the district will be given the highest priority. All proposed work should comply with the *Secretary of the Interior's Standards for Rehabilitation*.
3. Repairs that are structural in nature are generally not eligible for grant funding, but will be evaluated on a case-by-case basis.
4. Grant funding is NOT available for the purchase or rental of tools, machinery or equipment, or for the owner's time spent on work.
5. The application must thoroughly describe the project and should include supplementary materials such as drawings, specifications, photographs showing where work will be done, historic photos (if available), budgets and schedule.
6. Owner agrees to sign an agreement, which contains a reimbursement requirement in the event that the property is sold within one year of completion of the project.
7. The applicant shall comply with all zoning & permitting requirements of the City of Jeffersonville. If the property is located within the locally-designated Old Jeffersonville Historic District, the project will require review and approval by the Historic Preservation Commission or its staff prior to start of work.

The Front Porch Project is possible by a partnership between Jeffersonville Main Street and Jeffersonville Urban Enterprise Association with support from Indiana Landmarks.
